# TOWN WARRANT

## THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Eaton in the County of Carroll, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Eaton on Tuesday, the fifth day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same, including town officers' salaries, town officers' expenses, election and registration expenses, expenses of the Town Hall and other buildings, Social Security, police department, fire department, insurance, planning and zoning, damages and legal expenses, Civil Defense, health department, vital statistics, town dump, town maintenance (summer, winter and general expenses), street lighting, town road aid, town poor, old age assistance, recreation, cemeteries and interest.
3. To choose delegates for the Constitutional Convention.
4. To see if the town will authorize the selectmen to borrow money in anticipation of taxes if necessary.
5. To see if the town will vote to raise a sum of money to re-surface the paved roads in the town, and authorize the withdrawal of two thousand dollars (\$2,000.00) for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972, with the balance to be raised by taxation.
6. To see if the Town will vote to raise a sum of money for the purchase of a new Highway Truck, and authorize the withdrawal of four thousand dollars (\$4,000.00) for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972, with the balance to be raised by taxation.

7. To see if the Town will vote to designate Potter Road from Route 153 to the Conway town line as Scenic under the provisions of RSA 253:17 and 18, for the purpose of protecting and enhancing the scenic beauty of Eaton, as defined under RSA 241:7 (I).

8. To see if the town will vote to rescind the provisions of the Municipal Budget Law under the provisions of RSA 32:1.

9. To act upon any other business that may legally come before this meeting.

10. Polls close at 6 p.m.

Given under our hands and seal, this 13th day of February, in the year of our Lord nineteen hundred and seventy-four.

GRACE L. MORRISON  
THAYNE S. WILLIAMS  
SAMUEL B. HEAD

Selectmen of Eaton

A true copy of Warrant — Attest:

GRACE L. MORRISON  
THAYNE S. WILLIAMS  
SAMUEL B. HEAD

Selectmen of Eaton

## VITAL STATISTICS

In compliance with an act of Legislature passed in 1887, requiring clerks of towns and cities to furnish a transcript of record of marriages, births and deaths to the town officers for publication in the Annual Report, the following are submitted.

Kathryn R. Rickert, Town Clerk

### MARRIAGES

February 24, 1973 — In Eaton, N. H., Albert William Dole, born Maryland, residence Boston, Mass., and Kathleen Marie McDonough, born Massachusetts, residence Boston, Mass. Married at Little White Church, Eaton, N. H. by Ralph F. Seaver, Jr., Clergyman, Conway, N. H.

August 22, 1973 — In Eaton, N. H., on Foss Mountain, Arthur John LaFleur, born Massachusetts, residence, Eaton, N. H., and Mary Patricia Colwell, born Minnesota, residence Belchertown, Mass. Married by Christine A. Frost, Clergy, Jackson, N. H.

### BIRTHS

January 19, 1973 — David Thayne Haralamboa Condoulis, born Portsmouth, N. H.; father, Constantine Condoulis; mother, Judith Jane Williams.

August 23, 1973 — Claudette Levesque, born Memorial Hospital, North Conway, N. H.; father, Glenn Leon Levesque, born Massachusetts; mother, Suzanne Chapin Parkhill, born New York.

September 2, 1973 — Adrian Bancker Bregy, born Osteopathic Hospital, Portland, Maine; father, Lawrence M. Bregy, born Pennsylvania; mother, Linda M. Duplissa, born Maine.

October 19, 1973 — Ethan Weiler Wearn, born Portland, Maine; father, Stephen King Wearn, born Texas; mother, Jane Patterson Burcaw; born Virginia.

### DEATHS

July 8, 1973 — Agnes Francis Paul, age 86; place of death, Exeter, N. H.; birthplace, Conway, N. H.; residence, Eaton, N. H.; place of burial, Conway Village Cemetery, Conway, N. H.

December 30, 1973 — Nella Braddy Henney, age 79; place of death, Snowville-Eaton, N. H.; birthplace, Georgia; residence, Eaton, N. H.; place of burial, Mt. Pleasant Cemetery, St. Johnsbury, Vt.

## REPORT OF CONSERVATION COMMISSION

Land acquisition during 1973 comprised approximately 1316 acres, consisting of the property in the south eastern part of Eaton formerly owned by the S. D. Warren Company and Saunders Brothers. This land and that previously acquired has now been surveyed and mapped.

Eaton now owns about 2075 acres of open space land under the supervision of the Conservation Commission and the Selectmen. It is important that this land be used but not abused. To that end the Commission has voted to permit hunting, fishing, cross-country skiing, hiking, snowmobiling, horseback riding and camping. No open fire will be permitted and trapping will be allowed by special permit only. The cooperation of everyone using this land is earnestly solicited.

The team of graduate students from the Harvard School of Design completed the Eaton Land Resources Analysis last spring and on May 18th gave a graphic and interesting presentation of its findings to a well attended public meeting. This analysis then served as the basis for a Town Master Plan for the guidance of the Planning Board.

ROLAND TOPPAN, JR.

## A REPORT FROM THE PLANNING BOARD

Throughout 1973 the Eaton Planning Board convened on a bi-monthly basis to prepare a zoning ordinance for town adoption and to prepare and adopt a set of sub-division regulations and a master plan as required by State Statutes.

At the Town Meeting, March 6, 1973, the zoning ordinance was adopted by a large majority of the voters. The former Land-Use Ordinance was thus superseded by a more conventional and more legalistic ordinance needed to keep Eaton "like it is," in line with the wishes of Eaton residents. The voters also authorized and empowered the Board "to approve or disapprove in its discretion new sub-divisions and plots thereof . . ." Thus it became imperative that the Board come up with a workable set of sub-division regulations as soon as possible.

In the meantime, the Board had been working in cooperation with the Conservation Commission's project entailing an analysis of Eaton's resources and land-use suitability. The Land Resource Analysis was completed in the spring of 1973 by a team from Harvard University to serve two purposes. As intended, the analysis was used by the Board as a guideline for the location of any future development, and the inventory within the analysis served as the groundwork for the Master Plan. It followed that the Harvard team, being most familiar with the natural resources and desires of the town, was retained by the Board to come up with a Comprehensive Master Plan Report published in October as agreed upon in their proposal.

On July 31 the Planning Board held an open hearing to discuss the proposed set of sub-division regulations. Immediately following the hearing the regulations were adopted by the Board, and they are included in this issue of the Town Report.

On Sept. 13th and 18th meetings were held with the Harvard team to discuss the Preliminary Master Plan Report prior to the presentation before the town at a Special Town Meeting on Sept. 29th. The "Comprehensive Master Plan Report" was adopted on Dec. 11 solely as a **guide** providing a "working tool for decisions and a flexible plan to allow for future changes. It should be read with the "Land Resource Analysis" to give a clear picture of each aspect of the Town.

It should also be noted that all projects cited in this report were financed by grants and/or private contributions, no town funds being involved.

David Baxter  
John Edge  
Alice Gabriel  
Alan Robotham  
Thayne Williams  
Crosby Milliman, Chairman

# **SUBDIVISION REGULATIONS OF THE TOWN OF EATON**

## **SECTION 1 AUTHORITY**

Pursuant to the authority vested in the Eaton Planning Board by the voters of the Town of Eaton and in accordance with the provisions of Chapter 36: Sections 19-29, N. H. Revised Statutes Annotated, 1955, the Eaton Planning Board adopts the following regulations governing the subdivision of land in the Town of Eaton, New Hampshire.

## **SECTION 2 DEFINITIONS**

**2.01 Abutter:** Shall mean the owner of record of a parcel of land which is contiguous, at any point, to the parcel being subdivided and which has frontage on a common road at any point within that portion defined by the perpendicular extensions across the road, from the points of intersection between the edge of the road right of way and the property lines of the parcel being subdivided.

**2.02 Approval:** Shall mean recognition by the planning board, certified by written endorsement on the plat, that the final plat submission meets the requirements of these regulations and satisfies, in the judgment of the planning board, all criteria of good planning and design.

**2.03 Approval, Conditional:** Shall mean an expressing by the planning board that the preliminary layout appears to satisfy all requirements established herein for the preliminary layout submission phase. Conditional Approval does not constitute, nor should it be construed as, approval either implied or granted, of the final plat, nor does it bind the planning board to approval of the final plat.

**2.04 Board:** Shall mean the Planning Board of the Town of Eaton.

**2.05 Engineer:** Shall mean the Town (Consulting) Engineer of the Town of Eaton.

**2.06 Final Plat:** The final drawing or drawings on which the subdivider's plan of submission is indicated, prepared as required under the provisions of Section 4.09 hereof.

**2.07 Health Officer:** Shall mean the Health Officer of the Town of Eaton.

**2.08 Master Plan:** Shall mean the comprehensive plan or plan of development for the community.

**2.09 Official Map:** Shall mean the adopted street or base map of the municipality as defined in RSA 36:16-18.

**2.10 Preliminary Layout:** Shall mean a plan prepared as required in Section 4.08 and submitted to the Board prior to preparing the final plat.

**2.11 Street:** A public way. The word street shall include the entire right-of-way.

**2.12 Street, Local:** A street used primarily to give access to abutting properties.

**2.13 Street, Collector:** A street which, in addition to giving access to properties, serves primarily to carry traffic from local streets to arterial streets and to public and other centers of traffic concentration.

A collector street may be further classified as major or minor, depending on average daily traffic count.

**2.14 Street, Arterial:** A Street or highway used primarily for heavy and/or through traffic.

**2.15 Street, Frontage:** A marginal roadway parallel and adjacent to a thoroughfare to provide access to abutting properties.

**2.16 Subdivider:** The owner of record of the land to be subdivided, including any subsequent owner of record making any subdivision of such land or any part thereof, or the agent of any such owner.

**2.17 Subdivision:** The division of a lot, tract, or parcel of land into two or more lots, plats, sites, or other divisions of land for the purpose, whether immediate or future, of sale or of building development. It includes resubdivision and, when appropriate to the context, relates to the land or territory subdivided. The division of a parcel of land held in common and subsequently divided into parts among the several owners shall be deemed a subdivision.

**2.18 Subdivision, Minor:** The subdivision of land into four or fewer lots, with no potential for resubdivision, and requiring no new roads, utilities or other municipal improvements.

**2.19 Easements:** Easements across lots shall be provided where necessary for utilities or drainage. Such easements shall be centered on rear or side of lot lines wherever possible, and be wide enough for the purpose for which they are intended.

## **SECTION 3 APPLICATION PROCEDURE**

### **3.01 Survey Phase:**

The applicant shall request a meeting with the Board to discuss the proposed subdivision and submit the survey information as des-

cribed in section 4.06 of these regulations. He shall be guided by the Board as to the need for further meetings and the advisability of entering into the preliminary stage. There is no time limit or application fee for this survey phase.

### **3.02 Application – Preliminary Layout**

Application for conditional approval of a preliminary layout shall be submitted to the secretary of the Board by the subdivider or his authorized agent on a form to be supplied by the Board. The application shall be accompanied by all information described in Section 4.08; by a \$25.00 fee established for processing payable to the Town of Eaton, N. H.; and by evidence of approval of plans by any state or regional agency whose review is required by law. Such application shall be submitted not less than 15 days prior to a regular meeting of the Board. The Board shall give conditional approval or approval with modifications only to authorize the preparation of the final plat, or shall disapprove such preliminary layout. The Board shall state in its records any modifications which it will require in the preliminary layout, or any reasons for disapproval. A copy of this record shall be sent to the applicant. The Board may hold a public hearing on the preliminary layout, if it is deemed desirable.

If the applicant intends to submit a final plat on only a portion of the total land to be subdivided, the preliminary layout submission shall cover the entire area of the tract, and shall indicate the approximate outline and sequence of those portions of the tract for which subsequent final plats will be submitted.

Conditional approval of a preliminary layout shall be valid for a period of one year from date of such conditional approval, unless extended in writing by the Board.

### **3.03 Application – Final Plat**

Application for approval of the final plat shall be filed with the secretary of the Board by the subdivider, or by his authorized agent in writing. The Board shall issue to the subdivider a receipt of final plat when submitted as required in Section 4.09. Submitted material shall be complete as described in Section 4.09. The Board shall place the matter on its agenda for consideration within 30 days of receipt.

### **3.04 Public Hearing**

No plat shall be approved or disapproved by the planning board without affording a hearing thereon. All abutters shall be notified of said hearing by certified or registered mail not less than five days before the date fixed therefor. The applicant shall be notified of said hearing by certified or registered mail, with return receipt requested, stating the time and place of such hearing.

### **3.05 Action of the Board**

Within 90 days of receipt of all material required in Section 4.09

for the final plat and issuance of receipt of final plat, the Board shall approve, modify and approve, or disapprove the final plat, unless the time for action has been extended an additional 90 days by the selectmen of the Town of Eaton. Reasons for disapproval of a final plat shall be stated in the records of the Board. Approval shall be certified by written endorsement on the plat and signed by the chairman and/or secretary of the planning board.

### **3.06 Failure to Act**

If the planning board has not obtained an extension from the selectmen of Eaton as described in Section 3.05 herein, and has not taken action to approve or disapprove the plat, such plat shall be deemed to have been approved, and the certificate of the Town, as to the date of submission of the plat for approval and the failure to take action thereon within such time, shall be issued on demand and shall be sufficient in lieu of the written endorsement, described in Section 3.05 herein; provided, however, that the applicant for the board's approval may waive this requirement and consent to an extension of such period.

### **3.07 Filing with Register of Deeds**

An approved subdivision plat shall be recorded with the Register of Deeds of Carroll County prior to any sale or transfer of land within the Subdivision.

### **3.08 Official Map**

When there exists an official map of the Town, the recordation of the plats which have been approved as provided herein shall without further action modify the official map in accordance therewith. Recordation of an approved subdivision plat shall not constitute acceptance by the Town of any street easement or open space shown thereon.

### **3.09 Acceptance of Streets and Open Space**

No street or open space will be accepted by the Town until such time as all improvements have been carried out as shown on the final plat, in accord with the requirements of these regulations, and subject to any conditions established by the planning board at the time of final plat approval.

## **SECTION 4 PLAN REQUIREMENTS**

### **GENERAL**

#### **4.01 Compliance with Regulations**

No subdivision of land shall be made, and no land in any subdivision shall be sold or offered for sale or lease, and no street or utility construction shall be started until a final plat, prepared in accordance with the requirements of these regulations, has been approved by the Board, and other required permits have been issued.

The subdivider shall familiarize himself with all State and Town regulations relative to health, buildings, roads and other pertinent data, so that he is aware of the obligations and standards expected.

The subdivider may avail himself of the assistance of the Board before preparation of applications or plans.

#### **4.02 Character of Land and Subdivision**

All land to be subdivided shall be, in the judgment of the Board, of such a character that it can be used for building purposes without danger to public health or safety, or to the environment. Land subject to periodic flooding, poor drainage or other hazardous conditions, shall not ordinarily be subdivided. Land with inadequate capacity for sanitary sewage disposal shall not be subdivided unless connected to public sewers. Plats for the subdivision of land shall conform with all regulations of the Board, the Zoning Regulations, the Sanitary Code and other applicable by-laws, ordinances and regulations at both state and local levels.

#### **4.03 Reserved Strips**

No privately owned reserved strip, except on open space area, shall be permitted which controls access to any part of the subdivision or to any other parcel of land from any street, or from any land dedicated to public use, or which may be so dedicated.

#### **4.04 Lot Layout**

The layout of lots shall conform to the requirements of the Zoning Regulations and shall be appropriate for the intended construction. Corner lots shall have extra width to permit a setback on each street. Side lot lines shall generally be at right angles to straight street lines, or radial to curved street lines.

#### **4.05 Preservation of Existing Features**

Due regard shall be given to the preservation and protection of existing features, trees, scenic points, brooks, streams, rock out-croppings, water bodies, other natural resources, and historic landmarks.

### **SUBMISSION DOCUMENTS**

#### **4.06 Survey Phase**

Survey phase maps may be drawn in pencil; data may be tentative but shall be sufficiently clear to show all site conditions. Maps shall be at a scale appropriate to the amount of detail required.

Survey phase submission shall include the following information:

Site survey map showing boundary of subdivision area, topography, streams, existing features and foliage lines, existing roads, structures and adjacent development;

Site location map (at scale of Town base map) showing

proposed subdivision in relation to major roads, community facilities and utilities of the Town;

Soils data showing results and locations of percolation tests and test pits undertaken in accordance with Section 4.07 of these regulations, unless public sewers are to be used.

The Board may require further detailing of information and additional meetings before advising the subdivider to proceed with preliminary layout design. All material submitted in the survey phase will be included with subsequent preliminary layout and final plat.

#### **4.07 Soils Data**

Where private individual sewage disposal systems are proposed, the subdivider shall perform soils tests to be submitted as part of the survey phase and also, to be included with subsequent submissions of preliminary layout and final plat. The subdivider shall arrange to perform such tests under the supervision of the New Hampshire Water Supply and Pollution Control Commission and at locations recommended by its agent, provided that percolation tests for each proposed lot to be included.

#### **4.08 Preliminary Layout**

The preliminary layout may be drawn in pencil, and shall be submitted in four (4) paper print copies. Dimensions may be approximate; the data may be tentative, but shall be sufficiently clear to illustrate all conditions and establish the basis and clarify the design requirements for the subdivision plat. Maps shall be at a scale of not more than 100 feet to the inch. The preliminary layout shall contain or be accompanied by the following information:

Name of municipality and subdivision, name and address of the subdivider and designer;

Boundaries and area of the entire parcel, whether or not all land therein is to be subdivided; north point, bar scale, date and dates of any revisions;

Names and addresses of abutting property owners, subdivisions and buildings within 100 feet of the parcel to be subdivided, and intersecting roads and driveways within 200 feet of the subdivision frontage on existing roads;

Locations of all existing buildings;

Existing and proposed street right-of-way lines, widths of streets, proposed names of new streets, existing and proposed lot lines;

Location of existing and proposed easements, deed restrictions, building setback lines, parks and other open spaces, watercourses, large trees, foliage lines and significant natural and man-made features, water mains, sanitary sew-

ers, storm and water drainage lines, drainage structures and drainage ways;

Existing and proposed plans for telephone, electricity, and gas utilities;

Boundaries of Zoning Districts lying within the subdivision, municipal boundary if any, land use designation from master plan;

A general site location map at the scale of the official or municipal base map, locating exactly the subdivision boundary and proposed streets in relation to at least two existing intersecting streets or other features shown on the official map;

A statement of conditions of land as to suitability for residential developments;

A statement of the work required on existing streets to meet the minimum standards set herein including cost estimates and the method of meeting such costs;

Existing and future subdivisions, if any, in and adjacent to the subject subdivision.

A statement and contours in sufficient detail to indicate clearly the method of storm water drainage on and off the subdivision, methods of sanitary sewage disposal and water supply; soils data if required.

Watershed areas and drainage computations;

Preliminary road profiles, including cross sections.

Approval, as prescribed by law, from any other municipal, state or federal agency which may have jurisdiction.

#### **4.09 Final Plat**

The final plat shall be in permanent black ink, on a permanent reproducible linen or polyester film. It shall be submitted in three (3) originals and four (4) blue (black) line prints on paper. Sheet sizes shall be in accordance with requirements of the register of deeds but not smaller than 20"x30". Space shall be reserved on the plat for endorsement by all appropriate agencies. The subdivision plat shall be consistent with the approved preliminary layout.

The plat shall contain the following statement: "The Subdivision Regulations of the Town of Eaton are a part of this plat, and approval of this plat is contingent on completion of all the requirements of said Subdivision Regulations, excepting only any variances or modifications made in writing by the Board and attached hereto," together with the following information:

All data required for preliminary layout submission:

Name and seal of engineer and of land surveyor licensed by the State of New Hampshire.

Final disposition of land into lots, streets, open spaces, drainage courses and any easements running with the land. The subdivision plat shall be based on a boundary survey with a maximum error of closure of 1 in 10,000 certified by an engineer or surveyor registered in the State of New Hampshire. Distances shall be to the nearest 100th of a foot and bearings to the nearest 10 seconds;

Stations, radii, curve data and paving widths for proposed streets;

Lot dimensions, areas in square feet and acres, consecutive numbering of lots;

Accurate locations of all easements, either on or off the site. A written acknowledgement of the subdivider's responsibility for maintenance, and the assumption by him of liability for injuries and damages that may occur on any land to be dedicated for public use, until such land has been legally accepted by the Town;

Approved names of proposed streets;

Accurate locations of all monuments to be set at street intersections, points of curvature and tangency of curved streets and at angles of lots;

Existing and proposed contours at five-foot intervals.

Existing and proposed plans for telephone, electricity and gas utilities;

Proposed methods of sanitary sewerage and computations therefor; proposed storm drainage accompanied by a drainage analysis map and computations for the entire watershed area; methods of supplying water;

Final road profiles and cross sections;

If the subdivision abuts a state highway, or if a proposed street intersects a state highway, a written statement from the New Hampshire Department of Public Works and Highways approving any proposed driveway or street access with such state highway;

If a subdivision is to be served by public water supply or by public sewers, a statement from the Municipal Department or company involved, attesting to the availability of such service.

#### **4.10 Minor Subdivisions**

For a minor subdivision, the Board may waive the filing of a preliminary layout. Submission documents for minor subdivisions shall be as required for final plat in Section 4.09 of these regulations. All State and local approvals shall be obtained as required elsewhere herein, prior to final approval by the Board.

#### **4.11 Legal Data Required**

Where applicable to a specific subdivision, the following are required, in form as approved by the Town Attorney, prior to approval of a subdivision plat:

Agreement to convey to the Town land to be used for streets and other public purposes, with transfer of title to such interests to be effective on such date as the Town accepts such land;

Easements and rights-of-way over property to remain in private ownership;

Rights to drain onto or across other property, whether public or private, including a street;

Performance bond, described in Section 4.12 hereafter.

#### **4.12 Performance Bond**

Except in the case of a subdivision in which each lot is on an existing improved Town road, no subdivision plat filed with the Board shall be approved until the subdivider shall have filed with the Board an engineer's estimate of costs of streets, public improvements, drainage structures, and other utilities, together with maps, plans, and supporting data, accompanied by either:

A surety bond, issued by a surety company authorized to do business in New Hampshire, to be filed with the Board of Selectmen in form and amount satisfactory to it;

Cash, or savings bank book property endorsed to the Town, in an amount to be determined by the Board of Selectmen and to be deposited with it;

The amount of performance bond to include fees for inspection of improvements by the appropriate Town agents;

In the case of electric lines or other utilities to be installed by a public utility corporation or a municipal department, a statement shall be received in writing from such public utility, corporation or municipal department that the work will be done within a reasonable time and without expense to the Town and that the utilities will be placed underground, if this has been agreed.

Each approval of a plat shall contain a time limit within which streets and public improvements shall be completed, not to exceed 3 years, unless extended with the owner's consent by the planning board.

Upon completion of improvements and approval by the Town agent, surety covering maintenance of roads and improvements for a period of 2 years from completion may be required in an amount based on the cost of such improvements as approved by the Board of Selectmen.

The performance guaranty shall not be released until the Board of Selectmen has certified completion of the public utilities and improvements in substantial accordance with the requirements, and deeds covering land to be used for public purposes, easements, and rights-of-way over property to remain in private ownership and rights-to-drain onto or across private property are submitted in a form satisfactory to the Town Attorney. All recording fees shall be borne by the subdivider.

## **DESIGN FOR OPEN SPACE**

### **4.13 Open Space Shown on Town Plan**

Where a proposed park, playground, or other open space shown on the master plan is located in whole or in part in a proposed subdivision, the Board shall require substantial compliance with such master plan.

As a condition of approval of the final plat, the Board may require that the area shown thereon as open space be offered for dedication to the Town. The Board shall not require such dedication in excess of 15 percent of the total area of the subdivision without reasonable compensation, and if the Town does not take steps within a period of one year from the date of approval of the subdivision plat to acquire the portion of the open space in excess of said 15 percent, the subdivider may submit to the Board a plan for subdivision of such portion, provided such additional subdivision does not exceed the total number of family dwelling units permitted by the zoning regulations for the applicable district, and meets requirements of these subdivision regulations.

### **4.14 Other Open Space**

If no such open space, park or playground is shown on the Town master plan within the boundaries of a proposed subdivision, the Board may, where it deems essential, require that the plat show one or more sites of character, size, shape and location suitable to be used as community open space or park, in area not to exceed 15 percent of the total area of the subdivision. In the case of cluster subdivision or planned unit development, open space shall be not less in area than as provided in the zoning regulations. Such areas of open space, whether privately or publicly owned, shall have a sufficient legal restriction recorded in the Town land records to assure permanence of use as open space. Open space land in private ownership shall be deeded in such a way that will assure operation or maintenance of the land in an orderly manner suitable for the purpose intended.

### **4.15 Trees and Planting**

Due regard shall be given to preservation of existing features, trees, scenic points and other natural and historic resources within

the subdivision. The Board may require additional tree planting and other landscaping appropriate to the area being developed. Removal of stripped topsoil materials from the subdivision area shall not be permitted unless in accord with the zoning regulations. Existing trees on lots and open space land shall be preserved wherever possible, or unless otherwise directed by the Board.

#### **4.16 Development of Open Space**

On land to be used as active recreation open space, undesirable growth and debris shall be removed. Wooded and brook areas shall be left natural; active recreation open spaces shall be graded properly to dispose of surface water, and shall be seeded with lawn grass. There shall be no depositing, dumping, or storage of waste, or other natural or man-made material, supplies, or equipment, on any subdivision land designated as open space. No work, removal, or filling shall be done, nor shall the existing natural characteristics of open space land be altered from the original condition, until a site plan, prepared by a competent person, shall have been approved by the Board.

### **ROAD AND UTILITIES STANDARDS**

#### **4.17 Street Design**

Proposed streets shall be in harmony and conformance with existing and proposed streets, as shown on the Town Master Plan or Official Map. Street patterns shall give due consideration to contours and natural features. Where required by the Board, provision shall be made for the extension of the street pattern to abutting undeveloped property. Every proposed street in a subdivision shall be laid out and constructed as required by these regulations.

Where a subdivision abuts an existing street with an inadequate alignment, or right-of-way width, the subdivision plat shall include in the street dedication all land needed to meet the standards established by these regulations, and as approved by the Board.

Permanent dead end streets shall not exceed 600 feet in length, and shall terminate in a turnaround 100 feet in diameter, with a paved area 80 feet in diameter.

Temporary dead end streets, where future extension to another outlet is approved by the Board, or where indicated on the plan, may exceed 600 feet in length. In such cases the full width of the right-of-way to the subdivision property line shall be dedicated to the Town.

Except where it is impracticable, because of the character of the land, streets shall intersect so that within 75 feet of the intersection the street lines are a right angles, and the grade within 100 feet does not exceed one percent. No structure or planting shall impair corner visibility.

The plan of any proposed subdivision shall show all work required to connect and complete the improvements and utilities between the proposed street pattern and any connecting street in an existing subdivision.

All streets shall be constructed and paved, and all bridges, culverts, drainage structures, storm sewers, gutters, drainage ditches, and other improvements required by the subdivision plat and accompanying documents, shall be installed in conformance with the standards and specifications adopted by the Board of Selectmen.

#### 4.18 Classification of Streets

The classification of Town streets shall be as defined in the Town Master Plan or Official Map, and the classification of new streets and streets not shown on such plan shall be as determined by the Board. The following standards of design shall apply to streets maintained by the Town:

	Minimum Pavement Width	Minimum Right-of-way	Maximum Gradient	Minimum Centerline Radius of Curve
Classification	Feet	Feet	Percent	Feet
Arterial	44	100	5%	955
Major Collector	40	80	8	700
Minor Collector	30	60	10	400
Local Service	24	50	12	125

The minimum gradient shall be 0.5 percent.

The Board may modify the maximum and minimum gradient for short lengths of streets where, in its judgment, existing topographic conditions or the preservation of natural features indicate that such modification will result in the best subdivision of land.

The Board may require greater width of right-of-way where, in its judgment, the demands of present or future traffic make it desirable or where topographic conditions create a need for greater width for grading.

#### 4.19 Street Improvements

In rural areas streets shall be paved to a minimum width as prescribed above, with shoulders not less than 4 feet wide. The Board may require a greater width of paving and shoulders for Arterial and Collector Streets. In urban or village areas, the Board may require a greater width of right-of-way and paving, together with curbs and sidewalks.

In the case of subdivisions requiring construction of new streets, any existing street which provides either frontage to new lots or access to new streets shall meet the minimum standards established in Section 4.17 for such street. Where a subdivision requires undue expenditures by the Town to improve existing streets to conform to

minimum requirements, the Board may disapprove such subdivision until the Selectmen shall certify that funds for the improvements have been assured.

#### **4.20 Pedestrian Walks**

Where necessary, in the judgment of the Board, rights-of-way for pedestrian travel and access may be required between subdivisions or its parts, or between a subdivision and public property.

#### **4.21 Utilities, Drainage**

All subdivisions shall make adequate provisions for water supply storm water and sanitary sewage disposal, and required utilities and improvements. The Board may require the extension of public water and sewers to and within a proposed subdivision, without cost to the Town where existing lines are, in the sole judgment of the Board, within a reasonable distance of the proposed subdivision.

The subdivider shall install laterals from all utilities in the street right-of-way to the street property line of each building lot. Any habitable buildings constructed in the subdivision shall have house connections installed, and shall have such connections extended inside of the building.

All such utility system installations shall be at the expense of the subdivider and shall be installed under the supervision of the appropriate Town agency.

An adequate surface storm water drainage system for the entire subdivision area shall be provided. Storm drainage shall be carried to existing watercourses, or connect to existing watercourses, or connect to existing storm drains. If the storm water drainage system creates any additional flow over any adjacent property, the subdivider shall obtain an easement therefor from the adjacent owner and shall hold the Town harmless from any claims for damage resulting therefrom.

The Board may require the installation of street lighting in any subdivision where it deems necessary.

Where underground utilities are to be furnished from a public source, all necessary mains, branch offsets to each lot, and fire hydrants shall be installed by the subdivider, as approved by the corporation or municipal department having jurisdiction, and to the satisfaction of the Board of Selectmen, and without expense to the Town.

### **SECTION 5 ADMINISTRATION AND ENFORCEMENT**

#### **5.01 Modifications**

The requirements of the foregoing regulations may be modified when, in the opinion of the Board, specific circumstances surrounding a subdivision or condition of the land in such subdivision, indicate that such modification will properly carry out the purpose and intent of the master plan and of these regulations.

### **5.02 Acceptance of Streets**

Nothing herein is intended to modify the requirements of law with reference to the acceptance of streets by the Town. Nothing herein is intended to modify or control the construction, reconstruction, or extension of roads by the Town or State.

### **5.03 Other Regulations**

Where these regulations are in conflict with other local ordinances, the more stringent shall apply.

### **5.04 Enforcement**

These regulations shall be enforced by the Board or its duly authorized representative.

### **5.05 Penalties**

As provided in RSA 36:27, any owner, or agent of the owner, of any land located within a subdivision, who transfers or sells any land, before a plat of the said subdivision has been approved by the planning board and recorded or filed in the office of the register of deeds shall forfeit and pay a penalty of five hundred dollars for each lot or parcel so transferred or sold; and the description by metes and bounds in the instrument of transfer or other document used in the process of selling or transferring shall not exempt the transaction from such penalties.

### **5.06 Appeals**

Any person, aggrieved by an official action of the Board, may appeal therefrom to the Superior Court as provided by RSA 36:34.

### **5.07 Validity**

If any section, subsection, or phrase of these subdivision regulations is found for any reason to be invalid by a court of competent jurisdiction, such decision shall not affect the validity of the remaining portion of these regulations.

### **5.08 Effective Date**

The effective date of these regulations shall be July 31, 1973.

**WARRANT**  
**FOR ANNUAL MEETING**  
**OF THE EATON SCHOOL DISTRICT**

To the inhabitants of the School District in the Town of Eaton, qualified to vote in district affairs:

You are hereby notified to vote for School District officers at the Town Hall in said district on the 5th day of March, 1974, during the hours of 10:00 a.m. to 6:00 p.m.

ARTICLE 1. To elect a Moderator for the ensuing year.

ARTICLE 2. To elect a Clerk for the ensuing year.

ARTICLE 3. To elect a member of the School Board for the ensuing three years.

ARTICLE 4. To elect a Treasurer for the ensuing year.

ARTICLE 5. To elect an Auditor for the ensuing year.

Given under our hands, this 18th day of February, 1974.

FRED GOSS  
MONROE EVANS  
MARCIA HEATH  
School Board of Eaton, N. H.

**WARRANT**  
**FOR ANNUAL MEETING**  
**OF THE EATON SCHOOL DISTRICT**

To the inhabitants of the School District in the Town of Eaton, qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district, on the 5th day of March, 1974, at 2 o'clock in the afternoon, to act upon the following subjects:

ARTICLE 1. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the payment of the salaries of school district officials and agents, and for the payment of the statutory obligations of the district.

ARTICLE 2. To transact any other business that may legally come before said meeting.

Given under our hands, this 18th day of February, 1974.

FRED GOSS  
MONROE EVANS  
MARCIA HEATH  
School Board of Eaton, N. H.

July 31, 1973

CHARLES W. HURLL  
District Treasurer

## AUDITOR'S CERTIFICATE

This is to certify that I have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Eaton of which the above is a true summary for the fiscal year ending June 30, 1973, and find them correct in all respects.

August 3, 1973

THAYNE S. WILLIAMS  
Auditor
